

3DE SCHOOLS RE-ENGINEER HIGH SCHOOL EDUCATION TO BE MORE RELEVANT, EXPERIENTIAL, AND AUTHENTICALLY CONNECTED TO THE COMPLEXITIES THAT EXIST BEYOND THE CLASSROOM WALLS.

3DE STUDENTS EXCEL

At every school there's a similar path to transformation—it begins with shifts in culture and engagement, and year-over-year this leads to measurable student gains.

90%

STUDENTS OUTPERFORM

3DE student cohorts outperformed their host school peers on more than 90% of the 2019 Georgia Milestones.¹

-38%

REDUCED ABSENTEEISM

38% fewer chronically-absent students² on average compared to host school peers.

94%

STUDENT STABILITY

A part of measuring success is ensuring that 3DE provides a school environment in which students are excited to attend. With an opt out rate of only 3.3%, we are confident that this is achieved across the network of schools.

ON-TRACK TO GRADUATION FOR RISING 10TH-12TH GRADERS ACROSS 3DE SCHOOLS

11 TH GRADE	98%
10 TH GRADE	94%
9 TH GRADE	93%

As students matriculate through the four-year high school experience they engage with a diversity of industries and professionals creating greater connections between their interest and future opportunities.

3DE YEAR FOUR HIGHLIGHTS

BROADENING OF CASE PARTNERS

In year four 3DE continued to expand the portfolio of case partners to broaden the industries engaging across the school network. The consortium of activating organizations provided students exposure into a variety of career pathways, as well as opportunities, on and off campus, to engage with professionals.

PILOT OF SENIOR CONSULTANCY

The 3DE Senior immersion experience is designed as a bridge from the structured high school environment to the post-secondary and work environments, which require more independence, self-direction, and demonstrable higher-order skills.

This past year more than **70 STUDENTS** and **10 COMPANIES** participated in the pilot. The multi-week structure entrenched students in authentic experiences as they worked in small teams to engage in collaborative inquiry, creative problem solving, and demonstrating effective communication among peers and "clients."

STEM CERTIFICATION OF 3DE AT BANNEKER HIGH SCHOOL

AdvancED, a global accreditation agency, endorsed 3DE at Banneker with STEM Certification, stating that it is one of the most complete models of any school that has participated in the AdvancEd certification process.

“3DE students engage in experiences that will not only support their readiness for STEM learning and work after high school, but will also help to build skills and resume items that represent differentiators for these students in competitive environments.”
